PROFILE

I am adept at collaborating within a team while also capable of independent problem-solving. Seeking an opportunity to contribute fresh perspectives and drive impactful solutions in a dynamic, growth-oriented environment.

PROJECTS

StudyNotion | React , MongoDB , NodeJS , ExpressJS

- Built an ed-tech platform that enables users to create, consume, and rate educational content.
- Contributed within a team of three members which really improved my teamwork skills.

WonderLust | React , MongoDB , NodeJS , ExpressJS

- Developed a functional and user-friendly Airbnb clone to replicate the core functionalities of the original platform.
- The platform is built using the MERN stack, which includes ReactJS, NodeJS, MongoDB, and ExpressJS.

Portfolio | React , HTML , Tailwind CSS

- Designed and developed a dynamic personal portfolio website to showcase my skills, experience, and projects.
- Emphasized user-friendly design and content management for optimal presentation of skills and achievements.

CERTIFICATIONS

- The Joy of Computing using Python - NPTEL January - April 2023

- Python for Data Science - NPTEL July - August 2023
